

## Specialists for happy guests – and satisfied hosts

An event is actually not much different than a private celebration: you simply invite your guests and hope that everything goes as planned.

The only difference is that with APLEONA, hope becomes reality. After all, we are professionals. Whether 25 or 1,000 guests, canapés or full service – our employees take care of everything from the planning to the dismantling so that your guests go home in a good mood and you do not have to worry about a thing.

### Comfortably small

Small is beautiful. Because small means individual, flexible and fast. That is why APLEONA offers you a personal point of contact with a well-knit team that is at your disposal.

Our head office is located quite centrally, in a former barn in Junglinster. This means we are never far away and can react quickly. We are familiar with the locations in the Grand Duchy – no matter whether in Troisvierges or Esch-sur-Alzette. We are at home in Luxembourg. This is why we also know who does what at what price for the best results. Be it catering or music – we work with the best to ensure that your event is a success.

### Wonderfully large

Although 'full service' is easy to say, it can only be made reality if the creative minds are able to draw on a large pool of resources at any time.

APLEONA has this pool. With some 20,000 employees worldwide, we can cope with complex events requiring special know-how, and we have our own furniture and materials warehouse to ensure that we are ready for any eventuality. (A look in our furniture catalogue is well worth your while.) This allows us to offer a wide range of items at lower prices because we do not need to rent them from outside suppliers. That's how large leads to small prices.

### Spot-on – our services

- Event management
